

Welcome to the new school year! Despite the unusual circumstances we are so proud of how well all our children have settled into school this term! The Reception children have now been put in their relevant classes. I would like to thank all our families for all their support and co-operation. Following Covid guidance has been an important part of coming back to school safely and everybody is settling well into the new routines.

Class information for this school year

Although we have been unable to invite our families into school for our normal Welcome Meetings, the teachers have produced their annual class information power point. This acts as a useful handy reminder of what the year ahead holds for your child. The power points can be found on the school website in :
The 'Grown Ups' tab
Under 'Class Welcome Information'
Watch this space for the Reception information next week!

Fitness, Fun and Wellbeing

We are all enjoying the new fitness days! The staff and children have been taking part in lots of fun games and activities. We know that moving and having fun helps us feel happy and calm. We think the children love coming in their sports clothes too!
Funda are coming into school every week . Yr1 are being coached this term.

Assembly & Golden Awards

Mrs Renshaw hosted our first Whole School Zoom assembly of the year last week. The children really enjoyed seeing each other on the 'TV'! The first Golden Awards of the year were given out in this mornings assembly — check your child's school bag every Friday to see if your child was chosen. this week.

Snacks & Lunches

If you haven't already contacted your child's milk today, please do so by 25th September to get it in your school bag. Cost £1.00 per term.

The children are enjoying their piece of fruit every day. The pre-ordering system for lunches is working really well. If any of our Reception families haven't returned their order form, please contact school and we will fill the order form in together.

Learning

School has been buzzing this week with children reading, doing art, maths games and phonic activities! Well done to all our children!
If your child cannot attend school due to Covid, their class teacher will email you and guide you to the most up to date on-line home learning resources on our website.
